AI Business Pulse Audit

Total Customers

(1/8)

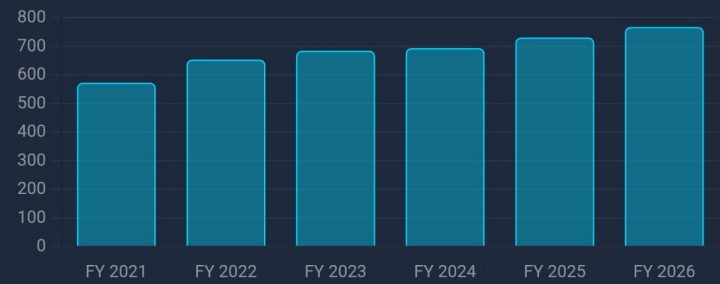

The unique number of master subscription agreements active at the end of the fiscal year. Crucial for tracking overall market penetration and platform adoption.

Commercial Solutions Customers

(2/8)

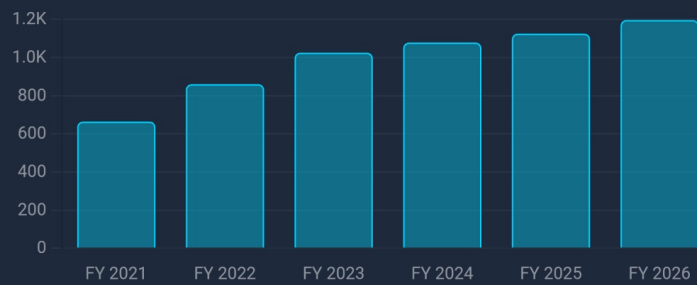

The number of unique customers subscribing to Veeva's commercial products (CRM, Data Cloud). Important for tracking the core legacy business.

R&D and Quality Solutions Customers

(3/8)

The number of unique customers subscribing to Veeva's clinical, quality, regulatory, and safety products. This is the primary growth engine of the company.

Subscription Revenue Split - Commercial Solutions

(4/8)

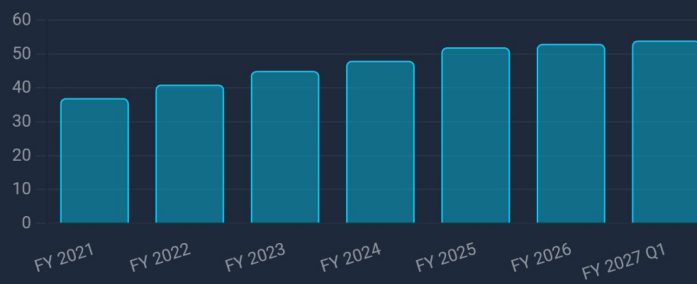

Percentage of subscription revenue derived from Commercial Solutions. Shows the relative contribution of the legacy business.

Subscription Revenue Split - R&D and Quality Solutions

(5/8)

Percentage of subscription revenue derived from R&D and Quality Solutions. Highlights the transition to the newer platform.

Subscription Services Revenue Retention Rate

(6/8)

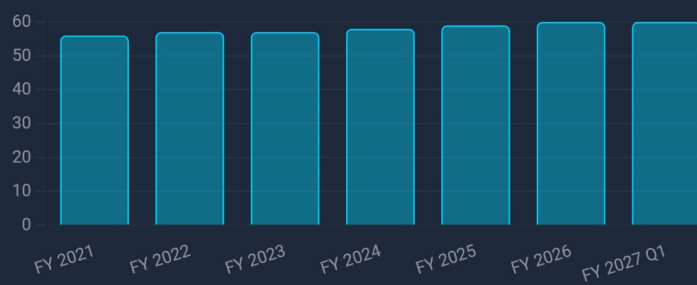

Measures the annual expansion of existing customer accounts. A key indicator of product stickiness and land-and-expand success.

Geographic Subscription Revenue Split - North America

(7/8)

Percentage of subscription revenue from North America. Tracks regional concentration.

Geographic Subscription Revenue Split - Europe

(8/8)

Percentage of subscription revenue from Europe. Tracks international expansion.
